

Chest, Infectious Diseases, and Critical Care Associates, P.C.  
1601 NW 114<sup>th</sup> St, Suite 347  
Des Moines, IA 50325-7046

### **Nurse Practitioner (Pulmonary/Critical Care)**

**Chest, Infectious Diseases & Critical Care Associates, P.C. (CIC Associates)** is a multi-specialty practice concentrating on pulmonary, critical care and infectious disease medicine.

CIC Associates is seeking to fill multiple **PRN Nurse Practitioner** positions to assist with hospital coverage. **Multiple shifts available!** Positions will be held at Mercy Medical Center in downtown Des Moines, IA. Positions will have a primary focus in the specialty area of pulmonary/critical care, with the possibility of some work in the area of infectious diseases. **Apply or inquire today!**

### **POSITION PURPOSE:**

Evaluates and treats patients within the scope of training as directed by physicians and the policy and procedure manual in compliance with the State Licensure requirements.

### **ESSENTIAL FUNCTIONS:**

- Round on patients as assigned.
- Organize discharge arrangements and discharge summaries, discharge medications, and office follow up.
- Anticipate need for thoracentesis, bronchoscopies, and other testing and arrange/set up for physician and order appropriately.
- Provide detailed chart documentation for physician in order to minimize their need to seek out pertinent information.
- Work up new consultations as directed by physicians. Anticipate need for imaging, labs, and procedures and arrange as appropriate for physician.
- Triage all non-consult calls.
- Insert art-lines and chest tubes upon request of physicians.
- Communicate with physicians regarding care and refer patient to CIC doctor or another specialist as needed.
- Achieve productivity levels as set by administration.
- Utilize CIC's and Mercy's electronic health record system to process data and retrieve patient information.
- Communicate effectively with CIC physicians and Chief Operating Officer.
- Provide availability to physician for any task/assistance requested.

### **EDUCATION AND EXPERIENCE:**

1. Required Master's degree with evidence of current certification.
2. Previous experience in a hospital, medical office and/or critical care unit is required.

**LICENSES/CERTIFICATIONS:**

1. State of Iowa Certified Nurse Practitioner License
2. Mandatory Reporter Certification.
3. CPR certification.
